

THE OWNERS OF  
STRATA 799

### NOTICE TO ALL OWNERS:

At the Regular Council Meeting of 2021 February 18 AVS799 Council made the decision to enforce Rule #1:

- 1. Any vehicle in Strata 799's four parking lots not displaying a valid parking pass during the ski season may be towed away at the expense of the owner of the vehicle.*

Any vehicle in any one of the Alpine Village parking lots not displaying a valid parking permit, permanent or temporary, **will be towed**. There are new signs posted in the parking lots stating the need of a pass and noting the name and phone number of the towing company in Courtenay.

Temporary parking permits must be for the current season (2020-2021) and must be completely filled out, including the signature of the chalet/unit owner (or their representative), a cellphone contact number, as well as arrival and departure dates.

Owners who lend, lease or rent their units MUST ensure all guests have a valid permit to display. It is requested a maximum of two vehicles per unit be parked in the Upper or Lower Henry lots or Dougan's lot. Any vehicles over the two vehicle limit are asked to park in the main lot.

Parking has been at a premium this season and there have been many complaints and violations.
