NOTICE TO RESIDENTS ALPINE VILLAGE

Courtenay B.C. SP #799

THE OWNERS OF
STRATA 799

Re: Garbage Bins Revised

Hello everyone,

Council had reviewed the location of the garbage and recycling containers and listened to input from owners. The bins will be re-located to the lower end of Dougan's lot in the near future. The green bottle bin is in Upper Henry lot.

We ask that you NOT share this information on any social media as it goes to a wider audience than people in our strata. We have an ongoing and increasing problem with people outside our strata using these receptacles. We are over budget this year for our disposal and it is costing us all money. We do not provide these services for free to people who do not pay strata 799 fees. If you see anyone abusing our strata only service please tell them that it is not permitted and that there is a dump in Cumberland and recycling center in Courtenay.

Thank you for your cooperation.

Alpine Village VIS799 Council
